Important Issues:

Radio or Television Interference, Noise, Health and Safety, Visual / Aesthetic Resources, Proximity to Residences

Property Uses:

Residential

Comment:

I own a home to which I intend to retire which is no more than 1/2 mile from a proposed southern route for the lines (through La Veta Pass). I'd have to pass under the lines to get home from Rte 160 on CR 442.

I-294-001

I bought my home and the 600 acres about 2 yrs ago and have millions of dollars invested in the property. This proposed route is a disaster for me. Please don't use the La Veta Pass route. This will ruin my financial investment and my dream to retire to this tranquil attractive setting.

I'm very very concerned. My life savings is invested in this property. Please help.

I-294-001: Environmental Consequences (In Review)

Your email/letter/comment form has been received and your comment noted. Potential environmental consequences and mitigation measures from the proposed project will be addressed in the Environmental Impact Statement.

The Environmental Impact Statement is anticipated to be completed in late 2010 and will be available at <http://www.usda.gov/rus/water/ees/ea.htm>.
